George Rice,
Public School Trustee Ward G
Edmonton Public School Board
One Kingsway
Edmonton, AB T5H 4G9

Dear Mr. Rice,

Page 24 of the Greater Hardisty Sector Review provides a school profile of Fulton Place School as of September, 2009. The profile, lists many programs that emphasize the importance of Fulton Place School to the surrounding community. Please answer the following questions before the closure meeting at Fulton Place School on March 17, 2010:

- How was the ACOL School capacity calculated at 480 in the latest profile?
- Why was the total Provincial School capacity listed as 471 three years ago?
- How was the cost of unfunded student space calculated to be \$119,178.56?
- How was the total number of weighted student spaces calculated?
- How was the Provincial Utilization Rate calculated?
- Were the three existing leases in the school considered when the Provincial Utilization Rate was calculated?

I would be grateful for an immediate reply.

Sincerely,

Hugh MacDonald
MLA, Edmonton-Gold Bar
